Configuring Investext Plus in Internet Explorer 11

Use the following instructions to configure Internet Explorer 11 (IE 11) on the Library’s computer workstations or your home computer.

1. Open Internet Explorer.
2. Go to [www.library.yorku.ca](http://www.library.yorku.ca) and search Investext Plus in the main search box:

![Investext Plus search result](image)

3. Click on **Click to Access this Resource**:

   **Results 1 - 1 of 1**

   ![Investext [computer file]

   Foster City: Information Access Co., 1996-

   Journal/Magazine, Online

   Online Click to access this resource

4. Click on **Screening & Analysis** to begin searching for analyst reports:

   ![Screening & Analysis](image)

   For example, in this case I searched for analyst reports in the last 90 days from Microsoft Corporation. Scroll down and click **Search**.
Configuring Investext Plus in Internet Explorer 11

5. Click on a report from the list of reports. A new box will open. Click on the **Select all reports** box and then click on **View**.

6. At the bottom of the browser, a pop-up box will display with the message **Internet Explorer has blocked a pop-up from amr.thomsonone.com**. Click on **Options for this site** and select **Always allow**.

7. Another pop-up box will appear. Click **Ok** to save your settings.

8. Rerun your search as outlined in Steps 4 and 5. This time your report will load in Adobe Reader as requested, and can be downloaded for later viewing.
